Reasons for Allowance

The following is an examiner's statement of reasons for allowance: applicant's amendments and acceptable Terminal Disclaimer have obviated the outstanding rejections. It is noted that there are potential Double Patenting issues with copending US Serial Nos. 11/198,743; 11/211,293 and 11/337,990. The instant application will be allowed to issue with the double patenting rejections being maintained in these copending applications as per MPEP 822.01.

Inventorship

In view of the papers filed February 21, 2006, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by adding inventor Mark Huseman.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
